

100kWh Integrated Wiring Box Cabinet Franchise

Overview

The DH100F series offers an all-in-one, multi-functional integration that supports PV and generator access, with seamless grid and off-grid switching. It features a selectable standalone capacity ranging from 71 to 100 kWh and includes a 280Ah LFP battery with high energy density. The SolaX ESS-AELIO is a high-performance C&I energy storage system featuring AFCI protection and IP55 rating. Contact us today! GoodWe have introduced their new storage solution for Commercial and Industrial (C&I) applications, the high-voltage BAT series, available in rated capacities of 102. This fully integrated 100kW/215kWh system combines high-density battery storage with intelligent power management in a single, factory-assembled unit - delivering unmatched performance and reliability for demanding commercial applications. The system integrates lithium battery modules, BMS, EMS, high-voltage distribution and protection, fire safety, air-cooled thermal.
