

# **200m fiber optic K2 router**

## Overview

---

For most homes up to 200 m<sup>2</sup> (or with open layouts where signal must travel ~20-30 meters linearly), a dual-band Gigabit router like the TP-Link EC220-G5 or Intelbras W5 AC1200 is sufficient. Perfect combination for fast high-speed Internet: With this bundle of router & fiber modem, you can use the full power of your fiber optic connection. The router supports Wi-Fi 6 and provides reliable mesh WiFi – perfect for streaming, home office or online gaming. Leveraging the extensive experience of Kastro Kablo, K2 Konekt delivers end-to-end solutions designed to meet the diverse network infrastructure needs of businesses and projects by providing a wide array of reliable, high-performance, and future-ready products. However, the market is flooded with countless options, making the selection quite overwhelming.

## 200m fiber optic K2 router
