

48b1 3 optical cable

Overview

3 Single Mode Armoured Fiber Optic Cable offers 48 cores, steel wire strength, and PE jacket for underground installation. This Specification covers the design requirements and performance standard for the supply of optical fiber cable in the industry. XCOM ensures a stable quality control system for our cable products through several programs including ISO 9001, ISO 14001 and OHS. 3 is engineered for high-performance communication networks requiring robust protection and superior signal transmission. , LtdGYTS aerial fiber optic cable, single mode/multimode fibers are positioned in the loose tubes, the 250µm fiber is positioned in a loose tube made of a high modulus plastic.
