

576-core standard optical cable junction box

Overview

576 core outdoor waterproof dome optical fiber junction box wall/pole mounting has 16 circular cable entry hole and one oval hole, adopt the heat shrinkable seal, Can be used for aerial, pole and wall mounting; Good sealing performance, simple installation, it is the best option. The latest arrival smc floor-standing 576-core outdoor optical distribution box in 25 years, supports three networks/four networks in one, sc/fc dual interface compatibility, ip68 protection level, corrosion resistance and high temperature resistance Suitable for use by property management. The ODC series SMC Optical Fiber Cross Connection Cabinet is used for optical cable connection, distribution and management in outdoor fiber networks. 19" rack mountable, universal structure - possible of max the load capacity up to 1000KG.
