

A fiber optic router with a speed of several kilowatts is generally suitable

Overview

Picking up the best router for fiber internet isn't just about going to the market and choosing one of the best wireless routers. That said, we recommend giving the NETGEAR Nighthawk RS700S a shot, as it supports the Wi-Fi 7 standard and has plenty of gigabit Ethernet ports. On top of that, in our RS700S review, it had excellent range and performance, which gave it.

A fiber optic router with a speed of several kilowatts is generally su
