

A major Cameroonian company specializing in fiber optic communications

Overview

The public company Camtel is the exclusive manager of Cameroon's fiber optic infrastructure. National/international calls & sms, broadband mobile internet, local roaming, and more! Take full advantage of the potential of fibre at home. Cameroon's incumbent telecom operator, Camtel, has announced the deployment of an additional 3,500 km of fiber optic cable starting in 2024. Speaking about the project last October 17 during the Yaoundé Digital Week, MD Judith Yah Sunday said it primarily targets rural areas. MTN GlobalConnect and CAMTEL have joined forces to establish a strategic partnership that will see the commercialisation of four submarine cables in the West and Central sub-region of Africa.
