

APC ferrule with pigtail

Overview

This is a high-quality singlemode OS2 9/125 μ m fiber optic pigtail featuring FC/APC connectors. Built with premium zirconia ferrules and durable composite hardware, these pigtails deliver excellent optical performance, durability, and consistency for modern network applications. The connector package includes a fiber connector cap and a $\text{\O}3$ mm green boot. A2 bend sensitive fibers, then assembled at one end with LSH (E2000) type connector. The F-COL-9-13-FCAPC Fiber Pigtailed Collimator consists of a single-mode 9/125 μ m FC/APC connectorized fiber pigtail precisely aligned to a Gradient Index (GRIN) lens assembly, which is ideal for collimated light applications.
