

Albanian High and Low Voltage Switchgear Complete Sets of Equipment

Overview

This solution covers a complete set of power equipment from low-voltage distribution cabinets, high-voltage switchgear to transformers, automation control systems, etc. , aiming to provide comprehensive and customized power solutions for various users. The company specializes in the supply, installation, and servicing of advanced electric systems, indicating a strong capability in providing innovative electrical solutions. The company was founded in 2006 as Energy Solution and since 2014 operate under "During the first year's, focus was given on implementation of the projects in main power sector as KESH - Albanian Power Corporation, (. Electricity plays a critical role in ensuring national well-being and livelihoods, and the stable development of the power industry drives socio-economic progress.
