

Cable tray hoisting bracket I-beam connection

Overview

Cable trays are indispensable components in modern construction and industrial environments, providing a structured and efficient way to manage and support electrical cables. They ensure organized routing, protection, and accessibility for various wiring systems. Choose from our selection of I-beam brackets, including perpendicular beam-to-beam clamps, beam clamps, and more. The addition of a rolling I-Beam Trolley Top allows many Beta Max Hoists to adapt to existing I-Beams.
