

# **Communication Network Engineering Cabinet**

## Overview

---

Telecom cabinets and racks are specialized enclosures designed to safely and efficiently house networking and telecommunications equipment. They are designed to provide organized mounting, airflow management, cable organization, and physical protection of critical hardware. Constant Group is a 60,000ft<sup>2</sup> manufacturing site, based in Oldham, Greater Manchester. Employing over 80 people we offer a full-service package through every stage of the production process—all under one roof. With advanced environmental barrier control and durable construction, our climate-controlled cabinets provide protection against heat, dust, water, and environmental.

## Communication Network Engineering Cabinet
