

Czech Outdoor Integrated Power Cabinet Energy-Saving Installation Solution

Overview

The Hybrid Power and Battery Combo Cabinet integrates grid power, solar input, and battery energy storage into a single outdoor solution. Get your own household power station producing energy from renewable sources. Have a clear head without any worries even in the times of ongoing energy price increases. Do not worry even in case of energy fall-outs in distribution network. Most of us are dependant on electric power sources and it is. With its factory-direct pricing, high efficiency, long lifespan, and safety, HighJoule's Outdoor Cabinet BESS Lithium Battery 100kWh is an ideal energy storage system choice. 2V/280Ah battery with over 8000 cycles at 70% DOD, ensuring stable long-term energy supply for commercial. OST OUTDOOR INTEGRATED CABINET highly integrates self-developed and self-produced high-quality core, battery management system, energy storage converter system, energy management system, fire protection system, efficient thermal management system, intelligent early warning system into one cabinet. Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid-cooled thermal management, and parallel.
