

Delivery time of upgraded German splice box

Overview

German production facilities maintained delivery times of 2-4 weeks, whilst Asian imports sometimes required 16-20 weeks lead time. The flexibility of German manufacturers is particularly evident in project-specific. Splice boxes and splice distributors are essential for a reliable fiber optic cabling system and serve as a connecting point between the fiber optic installation cable and the in-house network. We have been working for our customers throughout Germany and in the neighbouring German-speaking countries since 1999. Applications: FTTH, FTTB, data centers, government agencies, industrial automation Features:.
