

# **Distribution Box Housing Unfold**

## Overview

---

Unfold creates a 482-square-foot modular home that folds compactly to fit within a 40-foot shipping container. Our patent-pending folding technology allows the home to be set up on-site in under 3 hours. We're establishing a manufacturing facility in China, where we have access to a robust supply. The fuse boxes of the DISBOX-DA series have a protection class of IP30 and are made of halogen-free styrene. Overload Protection: Prevents circuits from carrying too much current, which can cause overheating and potentially lead to fires. IP66 plastic distribution box SHPN series has streamlined design, compact structure, easy installation, impact resistance, oxidation resistance, protection level up to IP66. Control cabinets protect and maintain the function of the "brain" (the control system) of a machine or plant in the best possible way against malfunctions and mechanical damage.

## Distribution Box Housing Unfold
