

Distribution Box TSM

Overview

The TSM Series Surface Plastic Distribution Box is engineered to meet these modern installation needs with a compact design, transparent cover, strong insulation performance, and flexible wiring space. Manufactured with high-quality ABS body material and PC transparent cover, the TSM Series offers. Features: High impact resistance material: HIPS, ABS, ABS-UV Fire Resistant Automatically open and lock of lid, control by pressing the on-off button on the cover Safe and full material copper terminal Adjustable din-rail: move ascend and descend Ultra-large space box for moving and easy wiring Flush. In a groundbreaking development for energy management systems, the TSM Distribution Box has emerged as the new benchmark for intelligent power distribution solutions. This innovative product combines advanced technology with user-friendly design to deliver unprecedented efficiency and control. It is widely used in the family, high building, house, station, port, airport, commercial house. A: Golden electric is The top 10 ATS manufacture in China - more than 350 Agents in local market and more than 100 foreign clients make OEM, ODM order from us, Golden electric is a big company, we have cooperation with LS, EKF the world-class companies.

Distribution Box TSM

TSM-36way plastic distribution box

TSM-36ways Surface series Modular distribution boxes/distribution boards are mainly used in the circuit of AC 50Hz, rated voltage 220V/380V, and acted to
