

E1 Cable Management Stand

Overview

The freestanding wire manager is made of powder-coated folded sheet aluminum and is available in various colors. Multiple sockets, excess wires, and transformers can be easily accommodated in the storage area within this. Universal compatibility: the docking station for the EV charging cable plug is the space-saving solution for neatly storing the cable on the wall and is suitable for all standard charging cable plugs - the perfect accessory for your electric car. Manufacturers, suppliers and others provide what you see here, and we have not verified it. To reduce the number of materials needed and be more flexible, e15 addresses different table constructions with refined solutions. How do you want your items?
