

# **Emergency power distribution box number**

## Overview

---

If there's an electrical emergency or power outage, simply call 105 from your mobile or landline and the telephone service will automatically direct you to the network distributor's emergency number for your area. Call 0800 6783 105 or 105 If you've got a general enquiry, then you can contact us between 8 am and 5 pm Monday to Friday on 0800 096 3080, or fill out our contact form. Emergency and standby power systems are designed to provide an alternate source of power if the normal source of power, typically the electric utility service, should fail. Reliability of these types of systems is critical and good design practices are essential. The service is available in England, Scotland and Wales and can be called from most landlines and mobile phones. This is the quickest way to reach your local electricity Distribution Network Operator (DNO).
