

# **Estonian Low Voltage Complete Equipment Company**

## Overview

---

We offer reliable, innovative electrical solutions—low/medium-voltage systems, diesel generators, and custom panels. Eltech Solutions' core business is the engineering, design, consulting and construction of low, medium and high voltage electrical installations. As a highly integrated provider, we are able to provide a stable supply of various types of equipment and materials.

## Estonian Low Voltage Complete Equipment Company

---

### LEVSTAL GROUP

Levstal is a steel construction and metal fabrication company from Estonia providing metal engineering, steel services, steel structures, marine & modular housing.

### high-voltage-equipment Estonia , B2B companies and suppliers

All suppliers for high-voltage-equipment Estonia Find wholesalers and contact them directly B2B marketplace Find companies now!

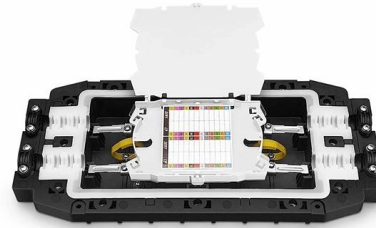

### ELECTRICITY and GAS MARKETS in ESTONIA REPORT 2022

Electricity networks or, and 33 distribution network service providers. The transmission lines (110-330 kV) belonging to the transmission network operator total 5,367 km, and the low- and medium-voltage

### ESB Low Voltage System

ESB is active in the design and manufacture of low voltage systems. The company was founded in 2012 by pooling the skills of people with a long history in this field, with the aim of combining the

### ESB Group Estonia , LinkedIn

We offer reliable, innovative electrical solutions--low/medium-voltage systems, diesel generators, and custom panels. We help businesses solve critical

### Low Voltage Equipment - ESB Group

ABB TwinLine is ABB's versatile modular system for building low-voltage sub-distribution and automation panels. It is designed for distributing and protecting

### Safety requirements for electrical equipment, and the electromagnetic

(2) The manufacturer of low-voltage equipment shall affix the conformity marking to the electrical equipment or, where this is not possible, to the packaging and instructions for use or to

## 100 Top Companies in Estonia - May 2026 , F6S

### Home page - []

The company was founded to organize sales activities in the Baltic countries. Today, ENERGEL Estonia OÜ has expanded its operations and opened a subsidiary in

### Gridenzia - Power Transformers, BESS & Solar Supplier , Estonia

ISO 9001:2015 certified supplier from Estonia. Power transformers, battery energy storage (BESS), solar PV systems, prefabricated substations, SCADA & full electrical procurement. Worldwide delivery to

### Construction and maintenance of electrical networks

The building capability of LEONHARD WEISS allows building complete solutions for high-voltage, medium-voltage and low-voltage clients corresponding to their needs. We are one of Estonia's

## low-voltage industrial electrical systems Distributor Estonia

Complex Procurement of Electrical and Industrial Automation Components Aviatech provides stock and project-based electrical and industrial automation components supply for panel builders, wholesalers

### About us

About us Eltech Solutions OÜ main activities are: technical designing, consulting, construction and maintenance of low-, medium- and high voltage electrical applications. Manufacturing, configuration

### Company A+Energy Osaühing

A+Energy OÜ is engaged in professional international deliveries of a wide range of the equipment and accessories more than 10 years. As a highly integrated

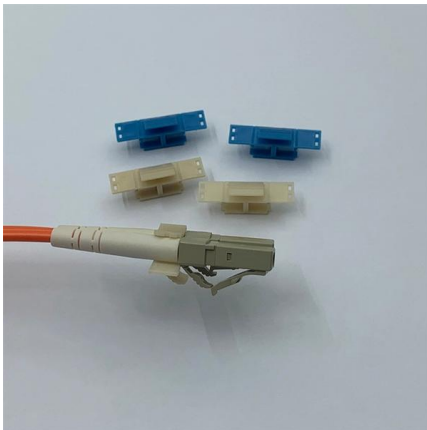

### KOLOSS ELECTRIC OÜ

Offers supporting products and services in industries as widespread as oil & gas, water & wastewater, chemical & petrochemical, food & beverage, power,

Our customers include network operators, financial and public institutions, manufacturing companies and construction companies. Our partners include a number of well-known companies in Estonia and

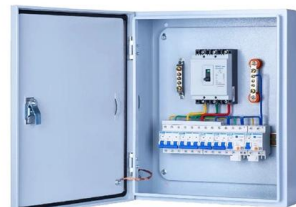

### **GRK to complete the acquisition of the Estonian Company A-Kaabel OÜ**

Following the decision, GRK Eesti AS completed the acquisition on 1 September 2025. GRK announced on 7 July 2025, that it would acquire the Estonian company A-Kaabel OÜ, which

### **Electric equipment Estonia , B2B companies and suppliers , europages**

60 Companies and suppliers for electric equipment Find wholesalers and contact them directly Leading B2B marketplace Find companies now!

### **ETL brošuur 2024 small**

ABB Estonia's operations are divided into two areas: manufacturing (components from electrical machines, like stators and rotors, frequency converters) and sales (motors, generators and

### Low voltage installation, LLC

Low voltage installation, LLC Tallinn postal code 10621. See Google profile, Hours, Phone, Fax, Email, Website and more for this business. 3.5 Cybo Score. Low voltage installation, LLC is working in

### Low Voltage Equipment - ESB Group

We offer comprehensive solutions for the design and maintenance of low voltage systems, ensuring reliable and safe power supply.

### High-voltage and low-voltage equipment Estonia

Total groups 4-> High-voltage equipment2 products High-voltage safety locks Remote control equipment for power supply networks Total groups 2-> Above 1000 V powered devices1 products

### KOLOSS ELECTRIC OÜ

The input and distribution unit is a low-voltage electrical device with an apparatus that provides input, distribution, and metering of electrical power, as well as

### KOLOSS ELECTRIC OÜ

Full-service support for europe-wide wholesale distribution

### Switch Electric

Switch Electric OÜ offers low-voltage systems, uninterruptible power supply sources, industrial automation equipment, electrical installation equipment and other

### Electrical equipment and electronics Estonia , B2B companies and

17 Companies and suppliers for electrical equipment and electronics Find wholesalers and contact them directly Leading B2B marketplace Find companies now!

### ESB Group Estonia , LinkedIn

We offer a comprehensive range of electrical equipment, including: o Low- and medium-voltage systems o Industrial diesel generators o Custom-built substations

## Supply voltage quality in low voltage industrial networks of Estonia

This paper is focused on the measurement and analysis of supply voltage quality in low voltage industrial power systems in Estonia. A practical method for analysis of supply voltage quality

### About Us

SystemTest OÜ is an Estonian company, established in 1991. We offer turn-key solutions involving industrial automation systems and low-voltage electrical installations from design to integration.
