

Finland 12-core smart building fiber optic cable company

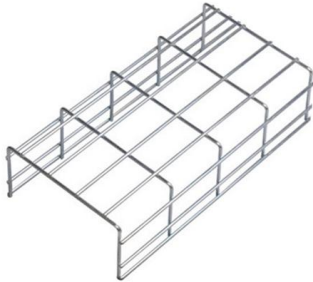

Overview

Nestor Cables is a Finnish developer of fibre optic solutions for smart cities—quality cables, accessories, and sustainable production since 2007. Finnish company Orbis Oy has been providing data transmission products since 1949. Our own production enables customized solutions to be delivered quickly and flexibly. At our company, we offer an extensive range of high-quality custom cables and special cables to service the most diverse range of applications. At Orbis, you can find solutions for data transmission in real estate, wireless connections in public spaces and means of transport, as well as fixed and mobile networks of telecom operators, data centers and industry.
