

How much does a 24-core OPGW optical cable cost

Overview

As of recent market analysis, the price range for OPGW cables is generally between RMB 10,000 to RMB 30,000 per kilometer. Understanding these elements is crucial for making cost-effective decisions, as they significantly impact the price per meter. Apart from functions as a conventional ground wire, to protect the transmission line from lightning and short circuit current, OPGW also provide a data communication channel with the optic fiber inside the cable. For the 24 core opgw cable price, Please feel free to leave your requirement, We will reply you in 12 hours.
