

# **How much does it cost to replace a fiber optic router in Nepal**

## Overview

---

You can replace the device, free of cost if the software is not working under the warranty period. Fiber-optic cable materials typically cost \$1 to \$6 per linear foot, depending on fiber count and cable type. Commercial building installations with 100-200 network drops generally range from \$15,000 to \$30,000. Single-mode fiber costs less per foot than multimode fiber, but it requires more. The cost to fix a fiber line often hinges on the fault type, distance, and response time, with price ranges reflecting differing crews and materials. In 2011, Vianet Communication pioneered Fiber Optics Internet or commonly known as FTTH internet service in Nepal.
