

# **How much should a meter of mesh cable tray installation cost**

## Overview

---

The average cable tray price per meter ranges from \$2 to \$25, depending on material, type, size, and surface finish. Cable trays are vital in electrical installations, providing secure pathways for power, communication, and control cables across residential, commercial, and industrial settings. Cable trays will tend to be significantly less expensive to use in 2026 than metal pipes due to their faster installation. Please click [this link](#) for the ELECTRICAL MATERIAL PRICE LIST if you need the cost of materials for your project. That number matters, but it's rarely the one that decides whether a project stays within budget. Basic cable tray systems cost \$3-15 per foot depending on type and material. Installation labor adds \$5-8 per foot to total project costs. Ladder trays typically cost 20-30% less than solid bottom systems. Bulk orders of 1000+ feet can reduce unit pricing by 15-25%. Regional variations can impact pricing.
