

# How to apply carbon fiber film to the trunk

## Overview

---

In this video, we take you through the entire process of installing 3M or Vvivid carbon fiber vinyl wrap on the hood, roof, and trunk of a car, focusing on achieving a professional, bubble-free finish with excellent results. Whether you're wrapping a car, motorcycle, or other surfaces, following the proper steps ensures a professional finish. Carbon fiber vinyl wrap is a cost-effective alternative to real carbon fiber, offering versatility in its application to various surfaces. Even the presence of a slight amount of dirt can affect the adhering of the vinyl sheet.
