

# How to bend a trough-type cable tray

## Overview

---

You can buy a manufactured 90 degree bend or make one on a cable tray bending machine but in this video I show you how to make one using a metal bar. By following these steps, you can minimize the risk of damage to the cable tray and ensure a smooth bending experience. Construction of a flat 90° bend (A) The amount of tray lip to be removed is equal to  $2 \frac{3}{4}$  the width of the tray, half of this measurement will be removed on either side of the centre line.
