

# **Intelligent Manufacturer of Integrated Container Racks and Cold Aisle Systems**

## Intelligent Manufacturer of Integrated Container Racks and Cold Aisles

---

### Efficient Cold and Hot Aisle Containment for Data Centers

AZE Modular Server Container One-Stop Service High Configuration Integrated Solution Micro Data Center Cold Air Containment System In the modern data center landscape, standardization is

### Aisle Containment , Vertiv Hot/Cold Aisle Containment

Adaptable to hot and cold aisle containment, the Vertiv Aisle Containment system allows you to deploy containment before or after racks are installed to simplify

### CONTAINMENT SYSTEM

NDS's ADVANCED AISLE™ Containment System provides the most cost effective, easy to implement and site-friendly total approach to achieve this positive separation in existing (retrofit) or new data

### Hot/Cold Aisle Containment , Data Center Containment

Hot and cold air containment systems designed to maximize cooling predictability, capacity, and efficiency at the rack, row or room level. Get flexible and cost

### Vertiv SmartAisle 2

Utilize Existing Space with Room Neutral Design  
Features Fully-contained hot and cold aisle  
reduces cooling energy consumption by 20%.  
Redundancy options for

### COMBINING COLD AISLE CONTAINMENT WITH INTELLIGENT

This requires a cold aisle containment system and dynamic adaptive control of room airflow, temperature and humidity. However, in order to achieve the significant energy efficiency gains this efficiency

### Schneider Electric Launches EcoAisle(TM) Intelligent

The EcoAisle system, compatible with almost any type of rack or cooling deployment, supports both hot and cold aisle containment and offers

## SmartAisle

SmartAisle is Ideally Suited For: Hot aisle/cold aisle applications Raised floor data centers with perimeter cooling Non-raised floor data centers using row-based precision cooling systems such as

## SmartRow & SmartAisle , Data Center Containment

The SmartAisle infrastructure solution optimizes the deployment and management of a data center aisle infrastructure. The aisle integrates server and network

## Vertiv(TM) SmartAisle(TM) 2

Features Fully-contained hot and cold aisle reduces cooling energy consumption by 20%. Redundancy options for Power and Cooling. Fully enclosed system design

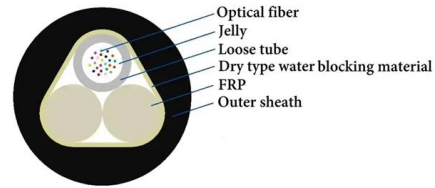

## Aisle Containment , Vertiv Hot/Cold Aisle Containment Solutions

Adaptable to hot and cold aisle containment, the Vertiv Aisle Containment system allows you to deploy containment before or after racks are installed to simplify installation and speed deployment of new

### Aisle Containment Systems From EDP Europe , Data Centre Services

With 35 years of operational experience, EDP designs, manufactures, and installs bespoke aisle containment systems that improve airflow management in Data Centre environments for retrofit, new

### Data center containment

Using aisle containment and airflow management solutions can significantly reduce your cooling costs. Minkels offers data center managers different future-proof

### SmartAisle , Integrated Infrastructure

Simple, fully integrated infrastructure - Racks, precision cooling, monitoring, cable management and power systems designed to work together, saving you time and

### 42u 48u Sever Rack IDC Data Center Cold Aisle

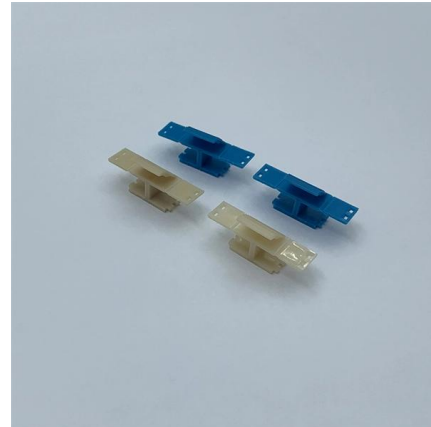

AZE Server IDC Room Cooling Solution Precision Air Conditioner Sever Rack Data Center Cold Aisle Containment In the modern data center landscape,

### 42u Professional It Cold Solution Manufacturer Modular

42u Professional It Cold Solution Manufacturer Modular Data Center Air Aisle Containment Server Cabinet, Find Details and Price about Rack Containment

### COMBINING COLD AISLE CONTAINMENT WITH INTELLIGENT CONTROL

This requires a cold aisle containment system and dynamic adaptive control of room airflow, temperature and humidity. However, in order to achieve the significant energy efficiency gains this efficiency

### SmartAisle

The SmartAisle offering optimizes infrastructure deployment and management with an intelligent row-based system that integrates data center racks, power, row

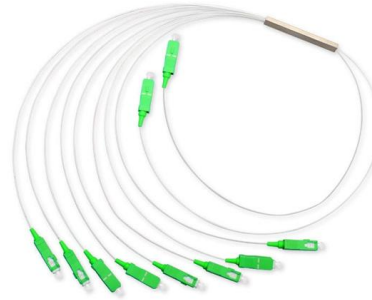

### SMARTAISLE(TM) Intelligent, Integrated Infrastructure for the

The SmartAisleTM infrastructure from VertivTM offers considerable savings in CAPEX and OPEX via an intelligent, integrated row-based system. The infrastructure integrates racks, power, cooling and

## Aisle Containment

Our aisle containment systems are vendor agnostic, featuring innovative, transparent panels that are lightweight and easily attached horizontally or vertically to

## Bespoke Manufacturing: Data Centre Containment

Our bespoke manufacturing services include data centre security cages, data centre aisle containment, and other tailored solutions to meet your unique requirements.
