

JP Distribution Box Manufacturer

Overview

is a rapidly growing high-tech enterprise specializing in the R&D, production, and sales of a comprehensive range of products including high and low voltage switchgear, box-type substations, low voltage distribution cabinets . JP cabinet distribution box is an outdoor low-voltage comprehensive distribution device that integrates metering, distribution, reactive power compensation, and multiple protection functions. Installed on the pole of an outdoor pole-mounted transformer, it is a new generation of ideal power distribution product for urban and rural power grid transformation.
