

Network rack expansion pricing

Overview

Most businesses deploying 1 to 10 racks pay between 900 and 7,000 dollars per month depending on geography, power requirements, and service level. The first element in server colocation pricing is the rack space your equipment occupies. According to a 2024 report by MarketsandMarkets, the global colocation market is expected to surpass \$90 billion by 2027, driven largely by SMEs and enterprises seeking agile hosting solutions. Yet, amid this surge, many businesses find themselves stuck on one key question: How much does data. 4% at year-end 2025, according to CBRE's North American Data Center Trends H2 2025 report (cbre, 2026).
