

Number of fiber optic pigtails

Overview

Fiber optic pigtails are available in various types: Grouped by pigtail connector type, there are LC fiber optic pigtails, SC fiber pigtails and ST fiber pigtails, etc. And by fiber count, 6 fibers, 12 fibers optic pigtails can be found in the market. Hence the connector side can be linked to equipment and the other side melted with optical fiber cables. With different structures and appearance, each of them has their own advantages in different applications and systems.
