

# **Palau Communication Fiber Optic Cable Brand**

## Overview

---

The Belau Submarine Cable Corporation is a state-owned public corporation that owns and manages a submarine fiber optic cable network for the Republic of Palau. The PC1 cable stretches about 200km connecting Palau to a branching unit of the SEA-US cable. Palau's remote location led to a slow uptake of its information and communications technology. The 18,000 residents who reside in Palau, spread across nine islands in the main archipelago, now have dependable "always-on" service thanks to the successful implementation of a dual-satellite connection solution by Intelsat, the operator of one of the largest integrated satellite and terrestrial. Do you also provide customisation in the market study?

Yes, we provide customisation as per your requirements.
