

# Pricing of horizontal network rack mounting

OM1 Fiber Patch Cable Family

## Overview

---

Rack Mounting - It involves the cost of labor and material which may take between \$100 and \$500 for each rack to mount and make stable. Power & Cooling - The acquisition of the appropriate power circuits, PDUs, and cooling connections may range from \$ 500 - \$ 2000 per rack. In particular, the rack and stack process—which involves mounting and organizing servers, networking devices, and power components in racks—plays a vital role in data center setup and optimization. RackSolutions provides options for mounting high up on a wall, under a desk or anywhere you can find space! ▼ How much U space do I need?

The front and back of server racks have either square, round or threaded holes that are used to secure equipment. Secure wall-mounted storage that organizes equipment, improves airflow and simplifies installation in tight spaces. Durable indoor and outdoor solutions—easy to install, waterproof-rated and customizable. No matter if you have a small network or large data centre, Bechtle has the server racks you need.
