

Raman Amplifier Upgrade Version After-Sales Service

Raman Amplifier Upgrade Version After-Sales Service

Upgrade of a Raman Spectrometer

Improvement of a conventional JEOL Raman spectrometer with a single channel photo multiplier detector is described. New optical components [fibers, mirror, lens, and charge coupled

Raman Rxn2 Operating Instructions

The Raman Rxn2 analyzer, powered by Kaiser Raman technology, is a for-purpose embedded system with built-in Raman RunTime control software. Raman spectroscopy provides the chemical specificity

Raman Instrument Service Plans

The following service plans are available for Raman spectrometers and vary by instrument model. Please request a quote for the type of service plan you are looking for with specific instrument model.

Raman Analyzer Repair Service

Our skilled team provides comprehensive Raman analyzer repair service, ensuring that your analyzer performs at its best and minimizes downtime. Contact us!

Raman Instrument Service Plans

Raman spectrometer and Raman microscope service plans: Raman instrument service plans meet your unique laboratory needs including repairs and remote diagnostic.

Vaya Raman Analyzer Resources

Initiating a new request for service on your Agilent Technologies instrument is a simple process that takes only a few minutes. This form is intended for use by customers located in the Americas and

Raman Software Support

Raman Software Support Improve your LabSpec 6 Spectroscopy Software Suite experience
Upgrades Commercial LabSpec 6 licenses include a free update plan to the latest version, through international

Raman Amplifier Solutions for Long-Haul

Raman Amplifier PacketLight's PL-1000R is designed for distributed Raman amplification applications, cost-effectively extending the optical link power budget and significantly improving OSNR. The PL

Full Software Upgrade Instructions for the MarqMetrix All

This is instruction for a full OS and Software upgrade of the Thermo Scientific MarqMetrix All-In-One Process Raman Analyzer, Ramina Analyzer, or legacy MarqMetrix All-In-One.

Optical Raman Amplifier

The Avara OptoHopper series of optical amplifiers are designed for use in long haul PDH, SDH or SONET optical transmission systems. The ORA series of booster amplifiers are installed after the

Upgrade your Raman instrument

The unique flexibility of Renishaw's Raman systems enables in-field upgrades of a wide range of options, features and accessories. Your system can grow as your needs change, providing a reliable

Raman Rxn4 analyzer installation service

Our installation service for the Raman Rxn4 analyzer covers every detail: from unpacking and visual inspection to component assembly, routine evaluation,

Monitoring Raman Amplified Optical Links While In Service

Test Results of Monitoring Optical Links With In-Line Raman Amplifiers The below results show that a fiber of 100km can be monitored in co and contra propagation when the data is amplified by Raman

Raman Amplification

Raman amplification is a likely technology of choice as the carriers can realize better performance from distributed gain that Raman amplifiers offer. Raman amplification is in the toolbox of all system vendors.

FS D7000 Series Raman Amplifier Data Sheet , FS

D7000 Raman Amplifier meets the demanding requirements of service providers and enterprise networks, ensuring superior reach and optical performance. The D7000 series is a

Raman help and support

Realise the full potential of your inVia(TM) confocal Raman microscope. Raman Revealed workshops are in-person training courses that help you use the

Raman Amplifier Solutions for Long-Haul DWDM

Raman Amplifier PacketLight's PL-1000R is designed for distributed Raman amplification applications, cost-effectively extending the optical link power budget and significantly improving OSNR.

LabRAM HR Electronics Upgrade

LabRAM HR Electronics Upgrade: A new lease of life for your instrument. Take advantage of the latest innovations in Raman Microscopy. You have acquired a

D7000 PDRA5014 Counter-propagating Distributed

Supporting from a single DWDM channel to up to 80 channels, the PDRA5014

Raman spectrometers for system integration

Ibsen's OEM Raman spectrometers are designed as integration-ready modules, making it easy to embed a compact Raman spectrometer directly into your system or instrument design. The choice of

Raman support

Get the most from your Raman system with our continued after sales support. Contact our customer service engineers for: From 1st May 2025, several key components in inVia(TM) confocal Raman

Service agreement packages for Rxn4 analyzers , Endress+Hauser

Rxn4 service agreements offer tailored maintenance and support for Raman analyzers, ensuring optimal performance and maximizing uptime based on process criticality.

- ✓ Slow Axis Aligned (0°) - for standard sensing applications
- ✓ Fast Axis Aligned (90°) - for special modulation applications
- ✓ 45° Axis Aligned - for depolarizer applications

Raman Software Support

Stay ahead with your HORIBA's Raman software suite backed by regular updates, expert training, and dedicated customer support.

Optical Amplifier Portfolio

Lumentum offers L-band amplifiers (EDFAs and Raman) for geography-specific applications and fiber-scarce applications. The design approach to L-band and
