

Samoa Cable Tray Construction Project

Overview

Samoa Submarine Cable Company Limited (SSCC) announced today that the contract signed with Alcatel-Lucent Submarine Networks (ASN), to roll out the Tui-Samoa Cable is in force. The second largest of its islands, Upolu, is home to 70% of the population, while Savai'i (the largest island) is home to nearly 30%, with about 1,000 people living on two small outer islands, Manono and Apolima. The Tui-Samoa cable is an eight-terabit system that will connect Samoa, the territories of Wallis & Futuna, and Vanua Levu to Suva on the Fiji mainland. 0km, Articulated Pipes installation, Beach Burial, Inshore Burial by Air-lifts Tuasivi, Samoa - DSE 2. The Asian Development Bank (ADB) has supported the Government of Samoa and the Samoa Electric Power Corporation (EPC) to upgrade the transmission and distribution system in Samoa.
