

Setting up an Irish fiber optic router

Overview

To set up your router for fiber internet quickly, connect the router to your fiber modem, access the router's settings via a web browser, and input the provided ISP credentials. Click below to get help with set-up, WiFi and broadband speed support for our eir Fibre box 7, eir fibre box F3500, eir fibre box F3000 and F2000 modems. Make sure to update the firmware, configure Wi-Fi security, and customize your network name for optimal performance. Fibre broadband is a service delivered by a 100% fibre optic network, delivering speeds up to 1,000 Mbps depending on the product chosen by the customer. Fibre optics involves the use of thin strands of glass or plastic, known as optical fibres, to transmit data as light signals.
