

Sierra Leone High-Speed Optical Module

Overview

The QSFP+ module is designed for 40GBASE Ethernet throughput up to 10km over single-mode fiber (SMF) using a wavelength of 1310nm via duplex LC connectors. Product Specifications/Features SFP Optical Transceivers are hot-swappable, compact media connectors that provide instant fiber connectivity for your networking gear. Sierra Leone's Ministry of Communication, Technology and Innovation (previously Ministry of Information and Communications) formed in 2023 is the organization responsible for the formulation of policies and laws that regulate the ICT sector in Sierra Leone. Leonecom is a neutral fiber optic operator working as a private partner with the Government of Sierra Leone to oversee the national fiber optic backbone and ancillary infrastructure. Each brought a distinct strength: ZoodLabs led innovation in smart broadband infrastructure, Metro Cable delivered the country's most robust fiber-optic. Our core expertise spans Telecom Infrastructure, Fiber Optic Networks, Security Services, Green Energy Solutions, and ICT & Digital.
