

Simple New Chinese Style Distribution Box

Overview

Prefabricated Substation (Chinese style box) is a prefabricated complete set of equipment that combines the characteristics of China's power grid, regional cultural features and modern power distribution technology. The Distribution Boxes is an essential part of our Power Distribution Cabinet & Box offerings. Yes, factory custom power distribution cabinet & box services allow full OEM branding, tailored to fit your company's guide on product layout. It serves as a central point for managing and distributing electrical power to various circuits and devices. However, its layout is different, which leads to features that other box-type substations do not have.
