

Singapore Standard Distribution Box Dimensions and Specifications

Overview

This document provides specifications for various types of plastic distribution boxes, including their dimensions and features. IMDA regulations govern the number, place, dimensions, and other characteristics of letter boxes in Singapore, in accordance with Section 16 of the Postal Services Act (Cap 237A). It describes HA, HK, and LGD series boxes with dimensions ranging from 100-415mm in length, 105-323mm in width, and 75-140mm in height. Wherever environmental influences, dust and humidity require a particularly sophisticated installation. Sunlink Engineering designs and fabricates high-quality Metal DB Boxes (Distribution Boxes) for safe, organised, and reliable electrical distribution.
