

# **Solution Waterproof Rack Type**

## Overview

---

This guide highlights five top-rated rack cabinets and cases designed for rugged environments, with emphasis on sealed enclosures, solid construction, and practical features like ventilation, locking doors, and cable management. Built to NEMA 4X from stainless steel, Armagard's Waterproof Rack Mount Cabinet can safely house conventional rack-mountable equipment up to a maximum capacity of 18U. NEMA 12 enclosures are constructed for indoor use and provide a degree of protection to internal equipment against circulating dust, falling dirt, lint, and fibers. Welcome to Nemaco Technology's reference section that provides technical information for many types of 19 inch EIA RackMount Computer Server Enclosures & Cabinets. Every build starts with NEMACO™'s standard spec drawing, which defines available dimensions, material grades, mounting options, and hardware configurations. Once customer requirements are confirmed, we produce a project submittal drawing that locks in all selected specifications, serving as the.
