

Spanish DC Power Supply Unit

Overview

Find and discover Dc Power Supply manufacturers and suppliers for all products in Spain, featuring details on their shipment activities, trade volumes, trading partners, and more. EPOWERSYS is a Madrid-based company focused on high-precision current and power electronics; they design programmable DC converters and custom power systems used in scientific and accelerator applications. They emphasize low noise, stability and tailored engineering, good signs of product quality. Based on these two functions, IT6000C offers the functionality of two-quadrant operation. For more special applications we can also provide Power over Ethernet solutions and power supplies with high ingress protection class (IP54 to IP67).
