Overview

0 adapts electrical currents to work with the skin's natural bio-electricity, supercharging your body's natural processes to transform the look and feel of your skin. With just one tap in the ZIIP App, each personalized microcurrent treatment targets exactly what your skin needs - so. At first, I was surprised by how much more lightweight and sleeker it felt than the original. I gave it a test run for 30 days straight to see the immediate and slightly more long term results.
