

UAE Long-Distance Cable Tray Project

Overview

Cable tray manufacturers in the UAE, including Bonn Group, Emerald Steel Industries, Delta and West Port, are adapting structures to the requirements of Abu Dhabi's underground tunnels, using corrosion-resistant materials, combination with FRP technologies, engineering. Cable Management Systems Supplied for Major Construction Projects Across the UAE Metar delivers cable management systems for projects across commercial buildings, industrial facilities, government infrastructure, healthcare, education, hospitality, and residential developments in Dubai and across. At West Port Cable Tray, we understand that contemporary infrastructure and building projects call for accuracy, robustness, and a thorough approach to electrical safety. We provide a broad range of cable support systems to address the sector's unique requirements, regardless of whether the project. They offer a safe, organized way to route cables across long distances and are an alternative to conduit systems or direct cable runs.
