

Where are cable trays used in Cambodia

Overview

UL Listed cable tray systems, compliant with international standards such as NEMA BI 50015, are increasingly adopted in Cambodia's construction sector to enhance electrical safety and long-term system reliability. Behind every landmark project, however, lies an equally critical layer invisible to most: the electrical and mechanical systems that keep these buildings. Cable trays and accessories manufactured by Cat Van Loi meet UL Listed - NEMA BI 50015 standards for quality and electrical safety. Every buyer chooses us first because of our excellent finishing and high-quality.
